

WIUMCamps' Camp in the Community

The Best of Camp, Brought to You

Camp in the Community combines the programming excellence of our residential camps with the need in your congregation to outreach to those in your surrounding community. Taking camps' greatest resource-- trained, high-energy, young adult staff-- and working alongside your church leaders, this week-long experience provides **fun, learning, and faith connection** for the youth in your community. Meanwhile, **your congregation is learning important skills** for outreach into the community including marketing, volunteer development, Safe Sanctuaries policies and practices, and more.

"This program is **perfect** for a smaller, ageing congregation. It helped equip us to reach out into our neighborhood and make new connections - 2019 Pastor

"We love it because it's **not VBS**. It really provides a unique camp experience close to home. - 2019 Church Coordinator
